摘要

本文針對北臺都會的整合過程，探討北臺是否能以台北市為中心，發展為正式的都會政府或形成都會治理的架構。本文要探討的問題包括：北臺都會整合的過程如何？北臺都會整合的過程與西方或東亞各國的都會政府、都會治理不同？北臺都會整合發展成正式都會政府受到哪些限制？對立基於西方都會政府與都會治理的理論，北臺都會整合的特質有何理論意涵？本文最後提出兩項研究意涵。

關鍵字：都會政府；都會治理；台北市；府際論

ABSTRACT

This paper aims at the issue whether the Northern Taiwan Metropolitan Integration (NTMI) will evolve into a full-fledged and institutionalized metropolitan government or a framework of metropolitan governance with Taipei City at the core? The research questions include: how has the NTMI been evolving? What are the differences and similarities of the NTMI in contrast to the Western cases and experiences? What factors have been enabling and constraining the institutionalization of a Northern Metropolitan Government or the framework of a Northern Metropolitan Governance? What contributions could the research of the NTMI make to the theory of metropolitan government and governance? Finally, two research implications are discussed at the end of the paper.

Keywords : metropolitan government; metropolitan governance; Taipei; intergovernmentalism.
